

Loving . Kind . Compassionate

Greetings!

Announcing our Pet Spa Extravaganza this May and June!

Spring is here, along with a few things we pet owners dread: shedding, mud, and allergies! Let us get your pet all cleaned up for spring with a Sully Animal Hospital "spa day".

During the months of May and June, your pet's bath includes a FREE nail trim, ear cleaning, and even a jaunty hair bow for showing off to the neighborhood!

BEFORE...

...AND AFTER!

And don't forget about your furry feline friend!

Sometimes cats need a little extra help with grooming, too, so this bath special applies to both dogs and cats. After all, who loves (and demands!) being pampered more than a cat?

Have a medium or long-haired cat in need of some extra, extra help?

No problem! Consider giving the gift of comfort this spring. A "lion cut" style involves clipping the bulk of the length from your cat's body fur, which means **no mats** and perfect comfort for your little lion. If that doesn't sound like an okay plan to your cat, no worries - sedation is available when needed so he or she can snooze right through the grooming process.

Don't knock it 'til you've tried it.

This feels AWESOME.

So get your pet cleaned up and prepped for this summer! Call us today at (703) 956-6290 to schedule your best friend's spa day.

Sincerely,
The Sully Animal Hospital Team
